Universal Health Coverage Passes Key Global Milestone

WHO

Universal health coverage is a political choice. Last month, the world's leaders signalled their readiness to make that choice. Now it's time to turn those commitments into health results.

Civil Society

Improving healthcare access for marginalised people

joint statement - NGOs

Accessing healthcare and preventive services remains a notable challenge for many population groups due to administrative, legal, economic, educational and cultural barriers, but also because of stigma and structural discrimination.

SAVE THE DATE! The Impact of Environmental Discrimination on Health Equity

26 March 2020 | European Parliament, Brussels

Join EPHA and other Roma and environmental organisations to discuss the impact of environmental discrimination on health equity focusing on Roma communities living in segregated areas. This conference is taking place during Roma week - an annual initiative aiming to address social, economic and political issues facing the Roma population in Europe.

The agenda and registration link will be available from the beginning of February.
