### Narrative

Racism and discrimination are fundamental determinants of health, profoundly affecting physical and mental well-being. They are far-reaching systemic issues, creating environments where marginalised communities face continuous social and economic challenges. Addressing these determinants is crucial for achieving health equity and ensuring that all individuals have the opportunity to realise their Right to Health as defined in Article 12 of the International Covenant on Economic, Social and Cultural Rights.

A pivotal policy instrument to help realise this is the EU Anti-racism Action Plan (EU ARAP). With the current cycle ending and that of the next 5 years being shaped, we have an opportunity to directly contribute to the further development of measures to tackle racial inequality, enhance legal protections, and promote social cohesion. The EU ARAP addresses various forms of discrimination to differing degrees. Experiences on anti-Black racism and the specific challenges faced by People of African Descent (PAD) are often overlooked within such overarching programmes, so it is vital that the needs of people experiencing this type of racism are given the attention required.

This two-day **DisQo Stakeholder Network** conference, organised by **EPHA** and **OHCHR** in cooperation with **Artikel 1 Midden Nederland** and **De Hofnar Present B.V.**, brings together leading experts and stakeholders to address the pervasive issues of racism, discrimination, and their profound impacts on health, with a specific focus on People of African Descent. Through insightful case studies, panel discussions, and interactive sessions, participants explore the intersection of these critical areas, share best practices, and develop actionable strategies to promote health equity. Join us in advancing the dialogue and fostering collaborative efforts to combat racism and improve health outcomes for all.

*The identified solutions and recommendations from this event will be collected and summarised in a **consultation report** that will be presented to the European Commission's Coordinator on combating racism, to feed into the **EU Anti-racism Action Plan 2026-2030**. There will also be an opportunity for **written input**.*

## Day 2: Thursday 27 June, 9:30-17:00

9:30-10:00	<b>Registration &amp; coffee</b>
10:00-10:15 <i>Jacqueline Bowman-Busato</i>	<b>Introduction</b> Day two is opened with a word of welcome from Jacqueline. The previous day is briefly recapped and linked to today's topic; <b>equality data collection.</b>
10:15-11:15 <b>Mila Paspalanova</b> <i>OHCHR, Anti-racial discrimination advisor</i>	<b>OHCHR Indicators Framework</b> The OHCHR has ample resources to inform methods for the collection of equality data of high standards. Mila Paspalanova presents how these resources can be accessed and used, focusing in particular on human rights indicators. To deepen our understanding, we explore complementarity, overlap and discrepancy for advancing equality statistics in the FRA Being Back in the EU Report. With a deeper understanding of equality data collection methods, we further explore how we can make data-informed policy approaches to racism, discrimination and health a reality.
11:15-11:30	<b>Coffee Break</b>
11:30-12:15 <b>Jerrold Marten</b> <i>Discriminatie.nl Regio Amsterdam, Director</i>  <b>Jurriaan Souer</b> <i>Shinto Labs, Chief Products</i>  <b>Paul Fockens</b> <i>Maurin Consulting, CEO</i>	<b>Towards quantitative equality data collection: Dutch G4 dashboard on discrimination</b> To provide a concrete example of how data collection can be developed on the national level, Discriminatie.nl and Shinto Labs highlight the way in which the G4 municipalities in the Netherlands (Amsterdam, The Hague, Rotterdam and Utrecht) finance a project to develop and implement an analytical and registration tool with an (almost) real-time dashboard on discrimination incidents.  <i>This is followed by a questions and answers session.</i>
12:15-13:00 <b>Muna Aikins</b> <i>Afrozensus - EOTO, Each One Teach One e.V. Max Planck Institute for Human Development, Predoctoral Fellow</i>	<b>German Afrozensus: a German case study</b> Complementing the Dutch example, Muna Aikins covers experiences from the German Afrozensus 2020. This large survey on anti-Black racism and health provides insights based on direct input from affected populations. By discussing its methodology and the findings of the report, important lessons are shared on the development of data collection in Germany.  <i>This is followed by a questions and answers session.</i>
13:00-14:00	<b>Lunch</b>
14:00-14:10 <b>Brigid Transon</b> <i>European Public Health Alliance, Organisational Development Trainee</i>	<b>Post-break energiser and warm-up session</b> We resume with a brief activity to re-engage you in the discussion.

<p><b>14:10-15:00</b></p> <p><i>Moderated by</i></p> <p><b>Angelo Camufingo</b> <i>Each One Teach One (EOTO) e.V., Project Lead</i></p> <p><b>Tanja Florath</b> <i>European Commission, DG JUST, Unit D2 Non-discrimination, Policy Officer</i></p> <p><b>Daris José Lewis Recio</b> <i>Equinet, Legal &amp; Policy Officer</i></p>	<p><b>Equality data: policy implications and translation</b></p> <p>Wrapping up the presentations of the first half of the day on equality data, this <b>interactive session</b>'s purpose is to take a step towards concrete solutions. We explore how the lessons from the Dutch and German case studies can be translated to policy action. We further discuss EU policy context implications, for example how it informs national anti-racism action plans, and their related indicators. By highlighting challenges and opportunities, we get an idea on how indicator use and data collection can be developed and reproduced on a wider scale.</p> <p><i>This is followed by a questions and answers session.</i></p>
<p><b>15:00-15:15</b></p>	<p><b>Coffee Break</b></p>
<p><b>15:15-16:45</b></p> <p><i>Moderated by</i></p> <p><b>Frazer Goodwin</b> <i>European Public Health Alliance, Senior Communications &amp; Advocacy Manager</i></p> <p><b>Tanja Florath</b> <i>European Commission, DG JUST, Unit D2 Non-discrimination, Policy Officer</i></p> <p><b>Mila Paspalanova</b> <i>OHCHR, Anti-racial discrimination advisor</i></p>	<p><b>Civil society consultation on post-2025 EU anti-racism agenda and national-level implementation</b></p> <p>We conclude two days of rich discussion with a consultation to add further considerations. Mila Paspalanova introduces this session with a recap on a human rights-based approach to policy. Afterwards, we open the floor for input. Participants are encouraged to share their (prepared) interventions to ensure the conference's reporting is as comprehensive as possible.</p>
<p><b>16:45-17:00</b></p> <p><b>Jacqueline Bowman-Busato</b></p>	<p><b>Conclusion</b></p> <p>Jacqueline provides the closing words of the conference, repeating key take-aways to bring structure and a red thread to the topics discussed, anticipating the recommendations that will be put together after the event. The conference is then officially closed.</p>
